

STATEMENT OF PURPOSE

RS23727

This legislation clarifies that the exemption in Idaho Code Section 54-1218 applies when the project work is performed by employees of the public entity according to professional engineer-certified standards and specifications developed and/or duly adopted by the public entity. Front end public entity investment in the development and adoption of professionally engineered and certified construction standards and specifications is protective of public health and safety.

FISCAL NOTE

This legislation has no fiscal impact.
